

CABIN CHECK-OUT

CHECK OUT

As you check-out, please attend to the following:

- Wash and dry all dishes, utensils, etc. and place them in their proper places. Wipe clean the countertops and table.
- Set the heat at 65 degrees in the winter months. In the summer, the air conditioners should be set at 75 degrees
- Place all used sheets, pillow cases, and towels (*not blankets or pillows*) in a pile right inside the front door.
- Sweep the floors.
- All items that were in the cabin when you entered should be there when you leave – DO NOT take any items from one cabin to the other.
- Return keys to the office (or place them in the dropbox if the office is closed).

In general, please leave the lodgings the way you found them.
